Transcendental Programming

Enjoy Programming regardless of practicality

Forget usefulness, secular benefits, the weary world and just do programming

Abuse a useful programming language to write a completely useless programm

Yusuke Endoh

QR code?

The same thing but in music

Franz List
- *La Campanella*
- *Transcendental Études*

John Cage
- *4'33"*

The same thing but in literature

[Oulipo](#) (everything):
- *[La Disparition](#) (lipogram by George Perec)*

«rats who construct the labyrinth from which they plan to escape»

Raymond Queneau

The same thing but in programming

Sonny Boy «Difficult Program» by *Yusuke Endoh*
